MARCH 2024

CALL us for a tour of our unique school!

THANK YOU FOR BEING OUR THERAPY DOG FOR THE LAST 6 YEARS JEAN! RIP!

It is with great sadness and heavy hearts that Carraragarmungee Primary announces the passing of our beautiful Therapy dog Jean following lymphoma. Jean has been so much a part of our everyday life at Carraragarmungee for the six and a half years of her life! She has lived and seen so much of her kids in all that time. Holidays were never Jean's favorite time, she was always happy to get back to school and the busy fun times with the kids.

Jean went on excursions, to swimming lessons, on camp & to many theatre performances with us. On the bus, the kids loved to have her sitting beside them, & took it in turns. Jean provided a calm presence and a soft, furry, familiar presence, especially when it was hard to sleep away from home for the first time. on sleepovers or on a camp. Nothing was better for a child who was upset at school than for Jean to stick her big snout right close to them, so that the next thing you would hear were giggles and the words 'oh Jean!!' Books were a lot more fun to read when you had smooth, silky fur to pat!

Everybody loved Jean and we'll miss her physical presence even though her paw prints are deep within our hearts & memories forever! RIP Jean!

At the start of each year we focus on "Me as a Learner". One of the things that the children learn about is how our brains help us to learn, control our bodies and regulate our emotions. We made our own models of the brain and learnt how different parts of the brain have different functions.
